## STUDENTS LEADERS STRUCTURE

While working at Maendeleo the team realized that there was a need to have student leaders who will assist the teachers in making sure the students behave well and also to report indiscipline cases to the teachers. This idea of having student leaders was good because it will also help in bringing out leadership skills in the students.

## TEACHERS PROFILE

The team also observed that it is important to have details for the teachers working in maendeleo. These details will help to know the teachers and what subjects they teach and also for the purpose of raising support for them which will help to have them stay in the school for longer term and keep them motivated to continue teaching.

## TEACHERS CONTRACT

A teacher's contract was seen as a good idea which will help to have the teachers committed to their work and also for them to see the importance of their school. This is an agreement between the teachers and the school which states how long they would work in the school.

## SPONSORED KIDS PICTURE AND VIDEOS

Uwezo Uplift Foundation through TS-CARE Germany is sponsoring 15 kids from Maendeleo Learning Centre. During the time we worked at the school our team was able to interact with the

kids on a daily basis and to observe their progress in school. New photos and videos were taken of the kids. We are forever grateful for this support because these poor kids can achieve their dreams of becoming better people in the society and it is our prayer that eventually they will get out of the slums.

## **REGISTRATION OF TEXT BOOKS AND BIBLE**

We did book registration to ensure that all books are in the system and also we have given them the serial number each of them. Both bibles and textbooks we bought for the school.

## **GIVING OUT THE BIBLES**

Last year 2018 TS-CARE donated Bibles for the children at Maendeleo Learning Centre for Christmas. These bibles were put in the library where every child can have access to his or her own bible. This will avoid losses of the bibles and also for the bibles to stay in good condition.

## **NUMBER OF BEDS, DESKS AND SERIAL NUMBERS REGISTRATION**

We realized that we needed to know the exact number of beds and mattresses in the school and chairs so that we can easily know how many more are required. The school is in much need for the resources. It was important to give each student a unique serial number whereby the same serial number was written on their desks, chairs and beds. This will help the students to be responsible of all the resources they are given.

	<b>Available</b>	<b>Required</b>
Beds	76	32
Lockers for high school	60 lockers & 59 chairs	20 lockers & 21 chairs
Desks for primary	10 desks	83 desks

## **MEDICAL CHECK UPS**

We were privileged to have a nurse from Germany, Sabine, for one month who worked tirelessly at Maendeleo Learning Centre to check the health of the children on a daily basis. Many of the serious health cases were handled and necessary medication given to the children. Through this their health greatly improved.

## **CONCLUSION**

We are thankful for this far and what the team has been able to do. We thank God and all our partners around the globe most importantly to TS-CARE Germany for their continued support.

Thank you for praying for us through every situation. We are still working on many things and we shall keep the reports updated.
