

# ASSIGNMENT FOLLOW UP AND FOOD REPORT

STUDIES AND FOOD DISTRIBUTION | SEPTEMBER 2020 | REPORT

## INTRODUCTION

Following the indefinite closure of schools by the government due to the COVID-19 pandemic, children were advised to continue learning from home. Among the few ways the government came up with were the children accessing remote lessons through the radio, television or the internet.

For the children under our sponsorship program, we equipped them with revision materials. Each child was provided with a set of exercise books, text books, stationery. Our young ones got their coloring books and crayons plus word charts.

Knowing well that children require constant monitoring, supervision and evaluation, we came up with a follow-up routine to ensure the resources were put to maximum use. Every day the children have been bringing their assignments for marking and corrections in the office. Our social worker and administrator have been on their toes to ensure that this runs as smooth as possible.

We also carried out food distribution to the children while undertaking this project.

## TARGET GROUP

Our target group was the sponsored children for both the assignment project and the food distribution. The children are located in Rongai, Olekasasi, Rangau area and Mukuru kwa Ruben slums.

## CONCLUSION

Acknowledgement

*Children doing their assignment in the office*

*Joel helping the children with assignments*

*Nancy doing her corrections in the office*

*Marking of assignments outside because of a meeting in the office*

*Joel having a talk with the children in Maendeleo about studies*

*Buying of food for the children for the month of September*

*Olekasasi sponsored children receiving their packaged food*

*Sponsored children from Maendeleo receiving their packaged food*

*Family visitation conducted by Joel, our social worker*

### **ACKNOWLEDGEMENT**

Our sincere gratitude goes to our partner organization, TS –Care and all our supporters. We thank you greatly for always holding our hands to accomplish our mission of giving a child a brighter future through education and putting food on their table. This has brought a bright smile and hope in their faces. We say thank you!

**ASANTE SANA!**
