

WOMEN OF HOPE FOOD REPORT

FOOD DISTRIBUTION | SEPTEMBER 2020 | REPORT

INTRODUCTION

Project Hannah is a ministry of TWR, offering compassion, encouragement and hope to suffering women worldwide through prayer, awareness and radio programming.

Due to the rules and regulations given by the government, we conducted the food distribution in different timings. With the first group coming at 10am, the second group coming at 12pm and the final group coming at 2pm.

TARGET GROUP

The food distribution was mainly targeting women who are in the program (Women of Hope) formerly known as Project Hannah.

The women are majorly residents within Olekasasi, Rongai, Sholinge, and Rangau villages in Kajiado County.

Many of these women are very old, sickly, widows and single mothers.

ACKNOWLEDGEMENT

We are truly thankful to all our supporters for their continued support during this pandemic season with food. It's been a difficult season and

putting food on the tables for these desperate women bring a lot of hope to them and their families.
